

## Business Profile

Quantum 360 is a procurement and supply chain consultancy that has successfully delivered multiple projects across a diverse range of spend categories.

We provide a flexible 'Service Model' that tailors delivery to meet each client's unique needs.

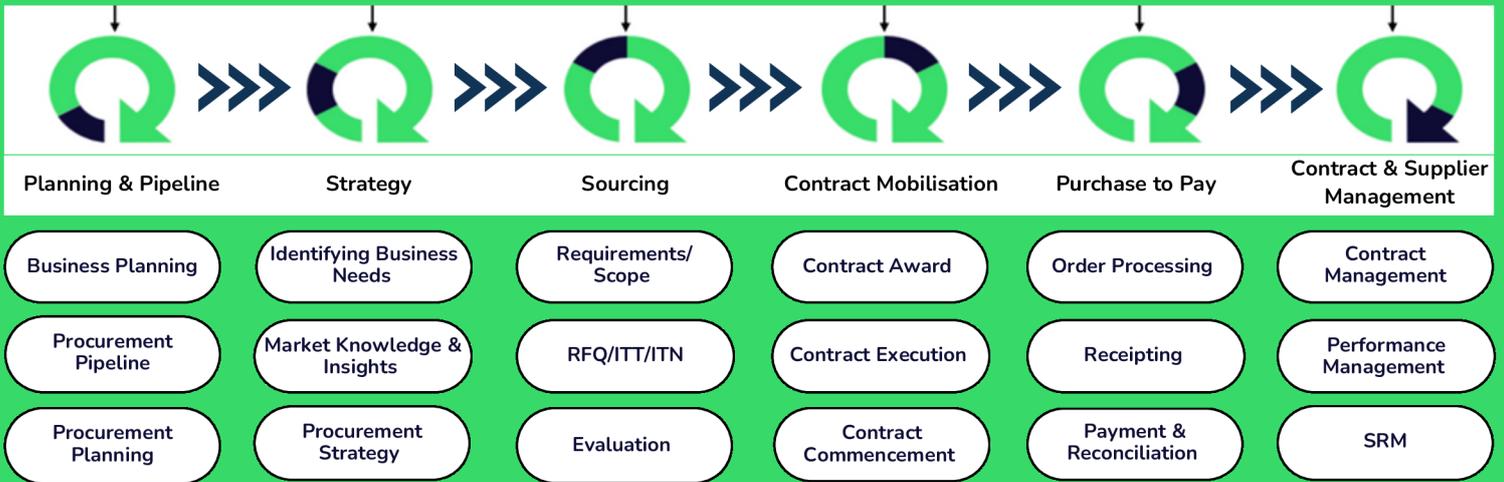

We leverage our experience to help our clients deliver real strategic value, improved performance and significant reductions in their cost base.

## Who we are

- Quantum 360 is a trusted provider of procurement and commercial services to organisations across the public and private sectors
- We help our clients achieve their strategic goals by providing comprehensive support throughout the commercial lifecycle
- We excel in complex and challenging projects and strive to achieve exceptional results for clients
- Our 'Procurement as a Service' model offers quick access to professional and experienced individuals/teams to support clients as needed
- Quantum 360 tailors its delivery model to the organisation's needs, ensuring an efficient and effective service at short notice

## Commercial Project Management

### Sustainability and ESG

### Governance and Assurance

### Technology and AI

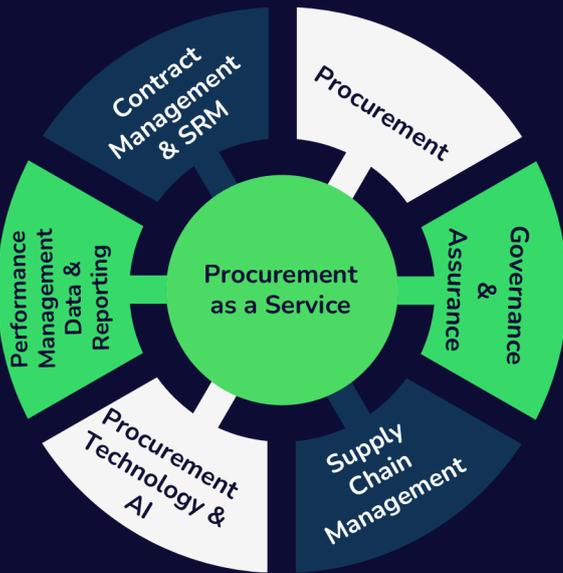

## A proven track record of driving growth and profitability

- We enable procurement and supply chain teams to achieve their potential and deliver sustainable cost savings
- We have delivered over £1bn in savings across third-party expenditure, achieving a positive ROI for our Clients
- We drive performance, delivery, visibility and value through effective Contract Management and supporting technology
- We help to transform management functions into a strategic powerhouse for growth and profitability

### Why should Quantum 360 be your partner of choice?

- **Value-Centric Approach:** We collaborate closely with our clients to gain a deep understanding of their unique needs, organisational culture, and objectives. This enables us to offer innovative solutions with a commitment to transparency and delivering exceptional value.
- **Comprehensive Services:** Our commitment is to provide a holistic, life-cycle approach that not only offers creative solutions but also ensures the best possible return on investment.
- **Strategic Relationships:** Our client relationships are built on a strategic foundation, characterised by consistency, behaviour-driven interactions, and a high degree of flexibility to adapt to evolving needs.
- **Proven Expertise:** Our experienced team possesses the capability to swiftly mobilise and provide dedicated support, effectively aiding our clients in achieving their goals and objectives.
- **Multi-Faceted Support:** We offer comprehensive support spanning technical, environmental, project management, and commercial management services, ensuring a well-rounded approach to addressing our clients' needs.
- **Service Coverage:** Our services encompass a wide spectrum of stages, including planning, development, design, construction, commissioning, and operations, providing an end-to-end solution for our clients.

### What our customers say

“ You and your Q360 team have truly been instrumental in delivering every aspect of what we needed to achieve. You have taken us with calm and cheerful professionalism and have demonstrated time and again why Q360 was absolutely the right partner to deliver this with us. Not only that, but you have given us a wide range of value add. We could not have achieved this phenomenal outcome without you, your team and, importantly, your personal approach and expertise.

Chief Operating Officer (NCS) ”
